Supply Chain

Sustainability
Reporting

Sustainable
Development Goals

Oil spill Group (OSG)

— **Purpose: Develop and disseminate good practice to enable the industry and stakeholders to improve oil spill preparedness and response globally**

— **Objectives**

- Inform global policy and external stakeholders (including regulators) pro-actively and credibly on oil spill related issue
- Monitor, assess, and respond to, and /or assist members response to, oil spill related developments
- Be a focal point and forum for sharing experiences and insights to support implementation of good practice and advancements in technology and planning/response processes
